

Appl. No. 10/602269
Amdt. dated April 11, 2005
Reply to Office Action of January 13, 2005

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

1. (currently amended) An illuminated glove comprising in combination, a flexible enclosure for surrounding all or portions of a human hand, said enclosure having a lens in the form of a light transmitting material and a light source positioned thereon for directing light through said lens, light transmitting material, a battery source and a switch for selectively activating said light source on said enclosure said lens being non-reflective and illuminated along its length by said light source.
2. (original) The glove of claim 1 wherein said light source is contiguous with said light transmitting material.
3. (original) The glove of claim 1 wherein said light source is embedded in said light conducting material.
4. (original) The glove of claim 2 wherein said light conducting material is a translucent polymer lens.
5. (original) The glove of claim 3 wherein said light conducting material is a translucent polymer lens.
6. (original) The glove of claim 2 wherein said light conducting material is a thermoplastic polymer lens.
7. (original) The glove of claim 3 wherein said light conducting material is a thermoplastic polymer lens.
- 8-11. (canceled)
12. (original) The glove of claim 1 wherein said switch is operative to energize said light source in one of two modes of (a) blinking or (b) continuous, and to de-energize said light source.
13. (original) The glove of claim 1 wherein said switch includes contacts to open and close the switch and wherein the contacts are disposed on said enclosure for selective contact by an individual wearing the glove.
